

CRYSTALS & ENERGY HEALING STONES

**PRITHVI
GEMSTONES**

A UNIT OF PRITHVI DIAMONDS

FROM NUMBERS TO NATURE : THE STORY BEHIND PRITHVI GEMSTONES

Meet **Shilpa Sharma**, a Chartered Accountant by profession and now the visionary founder behind Prithvi Gemstones. Her journey from crunching balance sheets to decoding birth charts began with a personal experience — a gemstone that aligned with her astrological chart and sparked a wave of clarity, confidence, and transformation in her life. Intrigued by this deeper connection between energy and Earth's elements, Shilpa set out to understand the world of gemstones beyond just commerce — she wanted to bring authenticity, trust, and spiritual purpose into the gemstone buying experience.

Today, Prithvi Gemstones offers a curated range of 100% natural and certified gemstones — from powerful Blue Sapphires (Neelam) and Yellow Sapphires (Pukhraj) to energy-balancing Emeralds (Panna) and love-attracting Rubies (Manikya). Every piece is selected with care and cosmic accuracy, ensuring you receive a stone that resonates with your journey. Whether you're looking for prosperity, healing, clarity, or protection — there's a stone here that's meant for you.
